SHIMANO
Tourney

RD-FT35-A-SS

- Less maintenance by suitable feature
 - ▷ Double tension rear derailleur
- Wheel-type cable guide pulley for strong against cable bending
- Over 20% lighter weight than RD-FT30 (DATI: -70g, ROAD bracket: -90g, BMX bracket: -80g) (mainly from wheel-type cable guide pulley)
- Enough lower profile, Enough ground clearance to avoid rear derailleur to hit obstacles
- Upgraded appearance (RD-FT55)
- Interchangeable with SHIMANO MTB 7/6-speed system
- Front single use only
 - ▷ Compatible with 11T top rear sprocket (total capacity 17T)
